

# Ross Valley School District 2012-2013

## *Educating our Kids Together*

Collaboration was an overarching theme this year of our work together as a school district community. We asked a lot from each other as we worked to enhance student learning, expand professional development, prepare for new Common Core standards, and so much more ...

Our facilities team met the many challenges of winter floods on campuses

New Principals at Brookside, Hidden Valley and Wade Thomas shined!

White Hill adapted to “bungalows” while witnessing their campus transformation

Parent clubs led key initiatives in technology acquisition

Students lit up the board room with monthly presentations

Measure A Bond Citizens’ Oversight Committee reported impeccable compliance of bond expenditures

Trustees initiated reviews of district wide programs: Learning Center, MAP, transitional kindergarten, and preschool

“Toolbox” social emotional curriculum was introduced at all campuses

Professional development surged with Computer Using Educators \*CUE\* and International Society for Technology in Education \*ISTE\* conferences, along with Guided Language Acquisition Development \*GLAD\* and Lucy Calkins trainings!

***We look forward to welcoming you back next year!***
