School Description

Brookside is one of four elementary schools in the Ross Valley School District serving kindergarten through 5th grade students. Formerly a K-2 school, Brookside began transition to a K-5 school in the 2011-2012 school year by adding third grade. Brookside completed its transition this school year by adding two 5th grade classes. Our campus is a hub for community activities, as neighboring children and adults use our fields, basketball courts, and play structures after school and on weekends. We also work closely with the San Anselmo Recreation Department so that our facilities can be utilized for community recreational programs. Brookside participates in Safe Routes to School, added a Green Team in 2012, has an active Student Government for 3-5 grade students, is planning and constructing a new school garden and hopes to incorporate a comprehensive recycling/composting and no-waste lunch program soon. Since 2007, Brookside staff (in conjunction with other District and County staff) has been researching and adopting the educational model of the Professional Learning Community (PLC). This approach to instructional oversight emphasizes a team-based approach to problem solving and a focus on improving student learning for each individual student (rather than concentrating on school-wide academic achievement scores). This year, the Brookside staff continues to consider the essential questions of the Professional Learning Community when planning instruction and assessment for all students: What do we want children to know? How will we know when they do? What will we do when they don't? What will we do when/if they do? In 2012-2013, in preparation for the Common Core Standards, all staff were trained in Project G.L.A.D. and will build upon this work in 2013-2014 in their work with Kathy Glass to construct ELA units tied to the new Common Core Standards.

Brookside School is located in Marin County of San Anselmo, California. The campus houses Kindergarten through 5th grade. Brookside School is committed to providing a program of academic excellence, cultural richness, social emotional, and physical development that educates, supports, challenges and inspires the whole child. We believe every child has the innate ability and desire to learn, and all children need challenge and support to grow to their full potential. We work together as a team to create an environment that enables students to develop a healthy self-worth, understand and respect diversity, think critically and creatively, take risks, work in collaboration with their peers, and show respect for the earth. Brookside School teachers and staff strive to provide students with instruction that is engaging and challenging.

Students are educated in ways that reflect diverse learning styles, individual strengths and interests, and differentiated needs. The utmost challenges and goal is to make learning meaningful and deep while also being accountable for the Common Core Standards. Brookside is committed to helping students develop life-long learning skills and capacities, including but not limited to critical thinking, questioning, and information literacy.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school at (415) 453-2948 or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2015-16)

During the 2014-15 school year, the school and each classroom developed a classroom library of leveled readers including a variety of genres. Each student has the opportunity to have both literary and informational texts to read at their own level within the classroom, and the school is able to differentiate for students who need reading interventions and are reading above or below grade level. All students have sufficient textbooks and/or instructional materials in each subject area for in-school work and homework.

School Facility Conditions and Planned Improvements (Most Recent Year)

The Ross Valley School District passed a \$41 million facility bond in November 2010 to accommodate increased enrollment and replacement and or repairs at Brookside School and at all other schools in the district. In 2012-2013 the school was outfitted with a new technology lab, updated art room furniture, and 21st century classroom technology and furniture in its two 5th grade classrooms. In the spring of 2014 the district will invest in technology infrastructure updates at all campuses in the district to improve speed and internet accessibility. Brookside will also be fitted with 5 new classrooms in the summer of 2014 to accommodate increasing enrollment.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement

Parents and Brookside staff are partners in education. Parent involvement is an integral part of our school community. Parents serve as classroom volunteers, in leadership roles, on site and district committees, assist with special projects and offer their many talents and expertise to enrich the educational experience of our students. We invite and encourage parents to take an active role in their child's education and the school community.

State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates, pupil expulsion rates; and other local measures on the sense of safety.

School Safety Plan

The Board of Trustees adopted the Ross Valley School District's School Safety in February 2016. The plan details procedures for child abuse reporting. It also includes procedures for disaster preparedness and response. Our site's emergency plan includes a complete NIMS chart, ten emergency drills per year, and emergency training for all staff. Training includes search and rescue, basic first aid, and student release. Our emergency supply container is checked and restocked yearly. Board policies on suspension and expulsion, procedures to notify teachers of dangerous pupils, sexual harassment, school-wide dress code, procedures of safe ingress and egress of pupils and rules and procedures on school discipline are also components of the plan. The plan may be reviewed in detail at the District Office.

Professional Development provided for Teachers

Transitioning to the Common Core Math standards was the focus of professional development in the 2011-12 school year. Teachers benefited from two staff development days with Phil Daro, author of the CC math standards, with follow up work on designing units of study with trainers from the California Math Project. For the 2015-16 school year, the District has a Math Coordinator who is providing professional development in the 8 mathematical practices for each grade level.

Professional Development in the 2012-13 school year focused on providing all teachers in the district with Guided Language Acquisition Design (G.L.A.D.) training. Two district wide staff development days and four teacher release days for all teachers, K-8 provided comprehensive training in these strategies, designed to provide differentiation for all students. Coaching in these strategies continues during the 2013-14 school year.

The focus of teacher professional development in the 2014-15 and 2015-16 school year is on the development of units aligned with the Common Core Standards in English Language Arts. Three district wide staff development days, along with teacher release days have provided the time for teachers to learn the process for developing CC aligned units using readers and writers workshop to implement the English Language Arts CCSS.

Types of Services Funded

The Local Control Accountability Plan (LCAP) approved by the Board of Education trustees has provided additional supports at Brookside Elementary School by increasing the support staff as well as a District Wide Math Coordinator in curriculum and a Special Education Coordinator to support the Student Services Department. Both Title II funds and the Educator Effectiveness Grant supports professional growth and development. State and Federal funds ensure that all students identified with a disability receive a Free and Appropriate Public Education. In addition, the school receives Federal Title III funds to support interventions for students that are English Language Learners.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
