EXECUTIVE SUMMARY

Background

In a general election held on November 7, 2000, California voters approved Proposition 39, which provides that the governing board of a school district may pursue the authorization and issuance of bonds by a 55% vote of the electorate. As a result of the passage of Proposition 39, language was added to the Trustees Code addressing the requirement to establish a Citizens' Oversight Committee to monitor and audit bond proceeds to ensure they are spent only on school and classroom improvements and not for any other purpose.

Proposition 39 contains two specific reporting requirements that are applicable to the District's general obligation bond program. The first requirement is for school district boards to provide for an annual, independent financial audit of the proceeds from the sale of the bonds until all of the funds have been expended for school facilities projects. The second requirement is for school district boards to provide for an annual, independent performance audit to ensure that the bond funds have been expended only on the specific projects listed in the ballot measure.

Financial audits provide reasonable assurance about whether the financial statements of an entity present fairly the financial position and results of operations in conformity with accounting principles generally accepted in the United States of America.

Performance audits are an objective and systematic examination of evidence for the purpose of providing an independent assessment of the performance of an organization, program, or activity, in order to provide information to improve public accountability and facilitate decision making by parties with responsibility to oversee or initiate corrective action.

On August 2, 2010, the Board of Education of Ross Valley School District voted to place a 55% school facilities bond (Measure A) on the November 2010 ballot. On November 2, 2010, the Measure A, General Obligation Bonds, Election of 2010, were authorized at a special election of the registered voters of the District, at which 55% or more of the persons voting on the proposition voted to authorize the issuance and sale of general obligation bonds with a principal amount not to exceed \$41,000,000.

During fiscal year 2011-12, the Ross Valley School District engaged Stephen Roatch Accountancy Corporation to perform the required financial and performance audits of the Measure A, General Obligation Bonds, Election of 2010 for the fiscal year ended June 30, 2012.
